

# "At Du Pont I work closely with control agencies to protect the environment."

—Sam Severance

Sam Severance is a BSChE from Georgia Tech and a member of Tau Beta Pi. Five years ago he joined Du Pont fresh out of school as an engineer. Now he's a Technical Supervisor in our Newark, N.J., Pigments Plant.

Sam and the people he supervises spend a full 30 per cent of their time working on environmental control, both in the plant and on effluent discharge systems outside the plant. As a result of this type of commitment, Du Pont has one of the best safety, health and environmental records in the industry.

This is typical of the kind of commitment Du Pont and its employees are making to improve the world we live in. And, Sam's story is typical of the progress Du Pont engineers, regardless of their degrees, can make for themselves, the Company and society.

So, if you'd like to work for a company that will permit you to make as big a contribution as you wish, do what Sam did. Talk with the Du Pont Personnel Representative who visits your campus. Or, write direct to Du Pont Company, Room 24764, Wilmington, Delaware 19898.

**At Du Pont...there's a world of things you can do something about.**
