

You won't just get your feet wet.

Standard Oil Company of California offers all the experience you can soak up.

You'll start out facing practical situations and using your academic knowledge and skills to solve real problems. You may even have to improvise and develop new approaches to specific questions.

We rotate the assignments of young professionals. You will be able to work with different groups of

experienced colleagues and sharpen your skills on a variety of projects.

Talk with our representative when he comes

to your campus about the opportunities we have for you. Check your placement office for more information or write to: D. C. Reid, Coordinator, Professional Employment, Standard Oil Company of California, 225 Bush Street—Room 105, San Francisco, California 94120.
