

Chemical Engineers

grow with the growing world of Sohio

We need talented people immediately to work on important projects in:

Research on Products and Processes • Process and Product Development • Economic Analysis • Process Design • Plant Design, Construction and Operation • Market Research • Sales and Marketing Management.

Sohio is a progressive company whose growth is based on continuous research, development and marketing of products for transportation, industry, agriculture and construction; not boom-or-bust military or space projects. That means we rely on your technical talent to help us grow, and we offer rapid advancement to those who are willing to work hard to achieve it.

WRITE SOHIO TODAY! Join the Sohio team... where you can get ahead fast because we're moving fast. **We assist you with direct aid for education, too** ... so you can get where you want to go as quickly as your growing interests and abilities will take you.

We are the number one marketer of petroleum products in Ohio; our sales equal those of the next four oil companies combined!

Our patented single-step acrylonitrile process accounts for more than 75% of the free world's supply!

Sales have risen over 35% in the last four years! Profits over 135%. Write in strict confidence, stating education, experience and salary requirements to:
