2003 Handbook of Employment Regulations Affecting Florida Farm Employers and Workers: Emergency Planning and Community Right-to-Know [State]¹

Leo C. Polopolus, Michael T. Olexa, Fritz Roka, and Carol Fountain²

Purpose

To facilitate awareness and emergency planning regarding the potential chemical hazards in local communities.

with some or all requirements of this law. In addition, all businesses that have a spill or an unauthorized release of an EHS in excess of the Reportable Quantity (RQ) must immediately report such spills or releases.

Program

This law seeks to encourage emergency planning efforts at the state and local levels and to increase the public's access to information about the potential chemical hazards that may exist in their communities.

Any facility that produces, uses, or stores extremely hazardous substances (EHS) in excess of the Threshold Planning Quantity (TPQ) must comply

Who Must Comply

If you have restricted use and/or danger labeled pesticides or chemicals on your property in sufficient quantities, you may need to comply with this law.

Responsible Agency

State Emergency Response Commission
