YOUTH GUIDE

This publication was originally created by Extension professionals from Texas A&M AgriLife and was modified by GERALYN SACHS, UF/IFAS 4-H RSA in 2022.

Hello, Florida 4-H Member!

- Do you enjoy preparing food for you and your family?
- Do you like to problem solve with limited resources?
- Do you like to work as a team on group projects?
- Do you enjoy the opportunity to tell others about your experiences?

If you answered YES to one or more of these questions, the Florida 4-H Food Challenge is for YOU!

WHAT is the 4-H Food Challenge?

The 4-H Food Challenge is a contest that provides a fun, yet challenging, food-focused learning opportunity for youth ages 8 to 18, (as of September 1st of the current 4-H year). Youth work together in teams of three to four, of the same age division, to create a dish using a predetermined set of ingredients and cooking utensils/equipment. First, each team plans and prepares one of the randomly assigned dishes while being judged on their food safety skills, teamwork, and ability to manage time and resources. Then youth present their finished dish, deliver a 5-minute presentation, and answer questions about their dish to a panel of judges.

HOW Do You Get Involved and Prepare for the 4-H Food Challenge?

Youth taking part in the 4-H Food Challenge must prepare for the Food Challenge contest by gathering three to four peers as teammates and at least two caring adults as Team Captains. Team Captains will work with youth through a series of hands-on educational sessions related to food and equipment safety, food preparation, nutrition, budgeting, serving size, visual appeal, oral presentations, teamwork, and more!

Contact your local UF/IFAS Extension office to see if there is an active Food Challenge group that you can join. If not, work with your 4-H or FCS Extension agent(s) to identify two caring adults who could fill this role. Use the following link to find out where your local UF/IFAS Extension Office is located:

Participant Rules for Florida 4-H Food Challenge Contest

Note: The rules in this guide are for the Florida 4-H Food Challenge competition. Please refer to county and district guidelines for information on those contests, as there may be modifications.

Participation: Participants must be 4-H members currently enrolled in the Florida 4-H Youth Development Program (<https://v2.4honline.com>) actively participating in a food related project lead by two adult Team Captains. 4-H members are not eligible to compete at the Florida 4-H Food Challenge if they were previously part of a team that placed first at the National Food Challenge (State Fair of Texas).

Age: Age divisions are determined by the participant's age as of September 1st of the current 4-H year.

Members per Team: Each team will have at least three and a maximum of four members. Teams may not include members in different age divisions.

Substitution of Team Members: Up to two substitutes can be identified on the entry form as alternate team members.

Registration and Entry Fee: Each team will be required to pre-register and pay all registration fees by the deadline.

Food Categories: There are four food categories in each age division: Appetizer, Main Dish, Side Dish, and Healthy Dessert. Teams will be randomly assigned to a category, which will not be announced until the contest.

Preparation: Each team will create an entire dish/recipe (not a full meal) using the provided mystery ingredient and grocery store items. Dishes/recipes created should include two or more servings. Teams should present the entire dish/ recipe to the judges and communicate during their presentation what an individual serving size should be. Teams will be responsible for determining the number of servings their dish provides. Teams should not create side or multiple dishes with their ingredients/grocery store items.

Attire: Each team will have the option of wearing coordinated clothing or aprons. Each team member is required to wear close-toed shoes and a hair restraint.

Resource Materials Provided at Contest: Resource materials will be provided for each team at the contest. These include MyPlate Mini-Poster, FightBac - Fight Food Borne Bacteria Brochure, Know Your Nutrients, and Food Safety Fact Sheet. Optional resources will include the Food Challenge Worksheet and copies of grocery receipts/ purchase prices for calculating costs. No other resource materials will be allowed. Teams may not use their personal copies of the resources during the contest.

Supply Box: Each team must supply their own equipment for the challenge. Teams may bring only the supplies listed in the supply box section. Supply boxes may be checked by contest officials as teams check in for the contest using a standard or randomized process. Any extra equipment will be removed from the team's supply box.

Pantry Ingredients: Each team may include in their equipment box the following "pantry" ingredients which they may use when preparing their dish if desired. There is no requirement to use these items, nor is it mandatory that teams include these in their supply box.

- Salt
- Pepper
- Oils (up to 17 oz)
- 1 jar bouillon
- 1 medium onion
- 2 cans vegetables and/or fruit (up to 16 oz) - team choice
- Rice (white or brown) or pasta (up to 16 oz) - team choice

Participants With Special Abilities: Any competitor who requires auxiliary aids or special accommodations must contact the contest coordinator at least 2 weeks before the competition.

Awards: First place teams for each food category, per age division, will be recognized.

Typical “Order of Go” on the Day of the 4-H Food Challenge:

1. Supply Box Check-In
2. Contest Orientation
3. Food Preparation/Presentation Planning-40 minutes

Florida 4-H Food Challenge

Rules for the Day

1. General guidelines, resources, and instructions will be provided prior to the start of the contest to assist teams.
2. No electronic devices or jewelry (except for medically required) are allowed in contest. This includes cell phones, smart watches, or other communication devices.
3. Each team will be directed to a cooking/preparation station. Contest categories will be revealed at the preparation station.
4. Each team will receive an information sheet with their contest category and mystery ingredient for that category (no ingredient amounts, recipe, or instructions will be provided at the station). The mystery ingredient will be representative of one of the following categories: Appetizer, Main Dish, Side Dish, or Healthy Dessert.
 - Teams will have access to a “grocery store” of additional ingredients which can be “purchased” and combined with the team’s mystery ingredient to create an original recipe/dish during the contest. The “grocery store” will include items commonly found in grocery stores such as produce, canned goods, crackers, dairy products, etc.
 - Teams must “purchase” and use at least two additional items from the “grocery store”. Teams will receive a pricing sheet for “grocery store” items at their station. “Grocery Store” items will be “purchased” using a pricing system and “contest currency.” This will enable teams to analyze the cost of their entire dish and individual serving. The currency system will be explained prior to the contest. Teams may not exceed the provided “contest currency” or trade “currency” or grocery store items with other teams. Teams will be provided a set dollar amount to “spend” at the store; each item in the store will be priced and teams must calculate cost according to total spent.
5. Each team will have 40 minutes to prepare the dish, plan a presentation, and clean up the preparation area.
6. **Preparation:** Each team will create an entire dish/recipe (not a full meal) using the provided mystery ingredient and grocery store items. Dishes/recipes created should include two or more servings. Teams should present the entire dish/recipe to the judges and communicate during their presentation what an individual serving size should be. Teams will be responsible for determining the number of servings their dish provides. Teams should not create side or multiple dishes with their ingredients/grocery store items.
 - a. Teams are challenged to be creative and develop an original recipe with the ingredients provided.
 - b. Teams will determine the exact amount of each ingredient used based on their original recipe.
 - c. The mystery ingredient and/or grocery store ingredients selected should be used to garnish the dish.
 - d. Note cards may be used to write down the recipe that the team creates, along with notes related to nutrition, food safety, and cost analysis. Teams should be exact on ingredients used, preparation steps, cooking time, temperature, etc.
7. **Food and Equipment Safety:** A safe and sanitary working environment must be maintained during the contest. Each station will have food and kitchen safety resources. Teams should follow the steps listed to ensure proper food and equipment safety is followed. Judges will be scoring teams on food and equipment safety during the preparation phase of the contest. Teams should also discuss safety steps used during the presentation phase of the contest.
 - » **Gloves:** Gloves do not have to be worn throughout the contest; however, there should always be a barrier between your hand and any food touched. A barrier includes gloves and/or cooking utensils. When wearing gloves, they must be changed between handling raw meats/seafood, handling cooked items, and ready to eat items or raw vegetables to prevent cross contamination.
 - » **Hair Restraint:** Each team member must wear a hat, hair net, and/or other type of hair restraint during the food preparation part of the competition. Examples of acceptable hair restraints include hairnets, bandanas with hair completely pulled back, Chef hats with hair restrained inside, or caps with hair completely tucked inside.
 - » **Illness:** Team members who are not feeling well and/or are showing signs of illness will not be able to take part in the food challenge. This is an opportunity for an alternate team member to step in.
8. **Nutrition:** Each station will have a variety of nutrition resources/references. Each team should highlight key nutrients in their dish and their functions during their presentation.
9. **Cost Analysis:** Price(s) of the mystery ingredient and grocery store items will be provided to teams. Teams will calculate the price of the dish based on the amount of ingredients used. Teams should calculate the cost of the total recipe, as well as the price per serving. Teams will determine the number of servings for their recipe.
10. **Presentation:** Following the preparation phase of the contest, each team will give a 5-minute presentation to a panel of judges. All team members should participate in the presentation.
 - To earn maximum points, teams must use the 5-minute presentation to address the following areas of the presentation scorecard: Knowledge of MyPlate, Nutrition Knowledge, Food Preparation, Safety Concerns, and Serving Size and Cost Information.

- At the end of 5 minutes, time will be called, and additional time will not be allowed. Judges will be allowed 3 minutes to ask questions. Judges will not ask questions related to what teams should have covered during the presentation. Judges' questions will be related to general nutrition, health, chronic disease prevention, or others relevant to food and nutrition. Following questions, judges will have 3 minutes to score/write comments.

Please note: Once the 40 minutes of preparation time expires, team members may no longer communicate with each other. Team members may study their notes individually.

- 11. Cleanup:** Teams must clean up their preparation areas. Cleanup time is included in the 40-minute preparation allotment.
- 12. Finished Dishes:** Finished dishes MAY NOT leave the preparation/judging areas. Dishes will stay in the judging area until all presentations are finished. Youth may be allowed to consume their dish once the competition is over.
