

## Research Papers

Almeida, Luís Fernando V., Ana Lúcia B. G. Peronti, Nilza Maria Martinelli, and Vera R. S. Wolff — A survey of scale insects (Hemiptera: Coccoidea) in citrus orchards in São Paulo, Brazil . . . . .	353-363
Coelho Jr., Aloisio, Richard Stouthamer, and José Roberto Postali Parra — Flight propensity of isofemale lines of <i>Trichogramma pretiosum</i> Riley in two relative humidity levels . . . . .	364-368
Capinera, John L. — Evaluation of copper hydroxide as a repellent and feeding deterrent for Cuban brown snail (Mollusca: Gastropoda: Pleurodontidae) . . . . .	369-372
Capinera, John L. — Assessment of barrier materials to protect plants from Florida leatherleaf slug (Mollusca: Gastropoda: Veronicellidae) . . . . .	373-381
Medal, Julio, Mrittunjai Srivastava, Shweta Sharma, Danielle Wolaver, Andrew Santa Cruz, Eric Rohrig, and Amy Howe — Laboratory feeding responses of <i>Euthyrhynchus floridanus</i> and <i>Podisus maculiventris</i> (Hemiptera: Pentatomidae) to the kudzu bug, <i>Megacopta cribraria</i> (Hemiptera: Plataspidae) . . . . .	382-388
Espinoza-Lozano, Lisbeth, Sarahlyne Guerrero, Lance S. Osborne, Norman C. Leppla, Amanda C. Hodges, and Mihai C. Giurcanu — Alternatives to a pyrethroid for controlling Madeira mealybug (Hemiptera: Pseudococcidae) on coleus cuttings . . . . .	389-394
Toledo-Hernández, Erubiel, Víctor Manuel Hernández-Velázquez, and Guadalupe Peña-Chora — An artificial diet for the sugarcane aphid ( <i>Melanaphis sacchari</i> Zehntner) (Hemiptera: Aphididae) with potential uses for in vitro toxicological studies . . . . .	395-398
Gonzalez-Zamora, Jose E., and Maria L. Castillo — Analyzing the mass-rearing system of the California red scale parasitoid <i>Aphytis melinus</i> (Hymenoptera: Aphelinidae) . . . . .	399-403
Del-Angel, Christian, Rodrigo Lasas, Luis A. Rodríguez-del-Bosque, Gabriel Mercado, Inés Beperet, Primitivo Caballero, and Trevor Williams — <i>Anticarsia gemmatalis</i> nucleopolyhedrovirus from soybean crops in Tamaulipas, Mexico: diversity and insecticidal characteristics of individual variants and their co-occluded mixtures . . . . .	404-410
Triapitsyn, Serguei V., María B. Aguirre, Guillermo A. Logarzo, Stephen D. Hight, Matthew A. Ciomperlik, Paul F. Rugman-Jones, and Jose C. Verle Rodrigues — Complex of primary and secondary parasitoids (Hymenoptera: Encyrtidae and Signiphoridae) of <i>Hypogeococcus</i> spp. mealybugs (Hemiptera: Pseudococcidae) in the New World . . . . .	411-434
Adesso, Karla M., Paul A. O’Neal, Shannen Leahy, Kevin Trostel, and Robert W. Behle — Evaluation of a lignin-encapsulated nootkatone formulation against <i>Tetranychus urticae</i> (Acari: Tetranychidae) . . . . .	435-440
Dean, David, Herma Pierre, Lisa Mosser, Rick Kurashima, and Todd Shelly — Field longevity and attractiveness of trimedlure plugs to male <i>Ceratitis capitata</i> in Florida and Hawaii . . . . .	441-446
Vega-Petlcalco, Maritza, René Arzuffi, Jorge Valdez, Mario Rodríguez-Monroy, Alfredo Jiménez-Pérez, and Norma Robledo — Food quality influences ovarian development in <i>Scyphophorus acupunctatus</i> (Coleoptera: Dryophthoridae) . . . . .	447-452
Tavares, Wagner de S., Marcus V. Masson, Pedro J. Ferreira-Filho, Leonardo R. Barbosa, Wiane M. Silva, Carlos F. Wilcken, and José C. Zanuncio — Parasitism of lepidopteran defoliators of urban plants by <i>Palmistichus elaeisis</i> (Hymenoptera: Eulophidae) . . . . .	453-457
Santos, Ítala Tainy Barreto Francisco dos, Heloísa Safira Santos Pinheiro, Vancleber Batista dos Santos, Lucas Kauan Nascimento de Santana, Júlio César Melo Poderoso, and Genésio Tâmara Riberio — Effects of temperature on the development of <i>Podisus nigrispinus</i> (Heteroptera: Pentatomidae): implications for mass rearing . . . . .	458-463
Correia-Oliveira, Maria Emilene, Carize da C. Mercês, Raiane B. Mendes, Vanessa S. L. das Neves, Fabiane de L. Silva, and Carlos A. L. de Carvalho — Can the environment influence varroosis infestation in Africanized honey bees in a Neotropical region? . . . . .	464-469

García-Gómez, A., R. Figueroa-Brito, L. A. García Serrano, and A. Jiménez-Pérez — <i>Trichilia</i> (Meliaceae) plants: an important source of biomolecules with insecticidal properties . . . . .	471-479
Zanuncio, José C., Adalton P. Cruz, Francisco S. Ramalho, José E. Serrão, Carlos F. Wilcken, Wiane M. Silva, V. C. Santos Júnior, and Pedro J. Ferreira-Filho — Environmental determinants affecting the occurrence of defoliator caterpillars on <i>Eucalyptus</i> (Myrtaceae) plantations in the Brazilian Amazonian region . . . . .	480-485
Canal, Nelson A., Pedro E. Galeano-Olaya, María del Rosario Castañeda — Phenotypic structure of Colombian populations of <i>Anastrepha fraterculus</i> complex (Diptera: Tephritidae) . . . . .	486-497
Gao, Huan-Huan, Yi-Fan Zhai, Hao Chen, Yong-Mei Wang, Qian Liu, Qing-Ling Hu, Feng-Shan Ren, and Yi Yu — Ecological niche difference associated with varied ethanol tolerance between <i>Drosophila suzukii</i> and <i>Drosophila melanogaster</i> (Diptera: Drosophilidae) . . . . .	498-504

### Scientific Notes

Bon, Marie-Claude, Fatiha Guermache, Daniele de Simone, Massimo Cristofaro, Ann Vacek, and John Goolsby — Insights into the microbes and nematodes hosted by pupae of the arundo leaf miner, <i>Lasioptera donacis</i> (Diptera: Cecidomyiidae) . . . . .	505-507
Lagos-Kutz, Doris, David Voegtlin, Jeffrey Davis, and Glen Hartman — Dispersal records of the sugarcane aphid, <i>Melanaphis sacchari</i> (Zehntner) (Homoptera: Aphididae), through the Midwest Suction Trap Network . . . . .	508-510
Tejeda-Reyes, Manuel Alejandro, J. Concepción Rodríguez-Maciel, Raquel Alatorre-Rosas, Ángel Lagunes-Tejeda, Mateo Vargas-Hernández, and Gonzalo Iván Silva-Aguayo — A new methodology to evaluate entomopathogenic fungi and formulated insecticides to control adults of <i>Aedes aegypti</i> (Diptera: Culicidae) . . . . .	511-514
Arneodo, Joel D., Luciana Dami, Violeta Jakubowicz, Raúl A. Alzogaray, and Catalina Taibo — First report of <i>Chrysodeixis includens</i> nucleopolyhedrovirus (ChinNPV) infecting <i>Chrysodeixis includens</i> (Lepidoptera: Noctuidae) in Argentina . . . . .	515-516
Ibarra-Vázquez, Sergio Eduardo, Gerardo Arcos-Cavazos, Antonio Palemón Terán-Vargas, Othón Javier González-Gaona, and Ausencio Azuara-Domínguez — Occurrence of <i>Metarhizium rileyi</i> (Farlow) Kepler, S. A. Rehner & Humber in <i>Anticarsia gemmatalis</i> Hübner (Lepidoptera: Erebidae) and <i>Trichoplusia ni</i> Hübner (Lepidoptera: Noctuidae) larvae in Tamaulipas and Veracruz, Mexico . . . . .	517-518
Piowarczyk, Renata, and Łukasz Mielczarek — First report of <i>Eumerus mucidus</i> (Diptera: Syrphidae) on <i>Cistanche armena</i> (Orobanchaceae) and from Armenia . . . . .	519-521
Zanuncio-Junior, José S., Maurício J. Fornazier, Felipe Andreatza, Mark P. Culik, Larine de P. Mendonça, Eugênio E. Oliveira, David dos S. Martins, Maurício L. Fornazier, Hélcio Costa, and José A. Ventura — Spread of two invasive flies (Diptera: Drosophilidae) infesting commercial fruits in southeastern Brazil. . . . .	522-525
Rhodes, Elena M., Pasco B. Avery, and Oscar E. Liburd — Efficacy of entomopathogenic fungal products for biological control of spotted wing drosophila (Diptera: Drosophilidae) under laboratory conditions . . . . .	526-528
Vacacela Ajila, Henry E., Felipe Lemos, Felipe Colares, João A. M. Ferreira, Antônio C. Lofego, and Angelo Pallini — A new record of a pest mite on strawberry: <i>Phytonemus pallidus</i> (Banks) (Acari: Tarsonemidae) arrives in Minas Gerais, Brazil . . . . .	529-532
Hou, Bo-Hua, Ge-Cheng Ouyang, Hui-Lin Lu, Jun Ma, Yong-Yue Lu, and Yulu Xia — First detection of <i>Bactrocera tsuneonis</i> (Diptera: Tephritidae) in Guangdong Province of China . . . . .	533-535
Zhou, Zhong-Shi, Xing-Wen Zheng, Jian-Ying Guo, and Fang-Hao Wan — Relationship between host searching and wind direction in <i>Ophraella communa</i> (Coleoptera: Chrysomelidae) . . . . .	536-539
Piowarczyk, Renata, Łukasz Mielczarek, and Sławomir Guzikowski — First report of <i>Phytomyza orobanchia</i> (Diptera: Agromyzidae) from Poland and <i>Chymomyza amoena</i> (Diptera: Drosophilidae) on <i>Phelipanche ramosa</i> (Orobanchaceae) . . . . .	540-542
Abbate, Anthony, Joshua Campbell, Jon Bremer, and William H. Kern, Jr. — The introduction and establishment of <i>Campsomeris dorsata</i> (Hymenoptera: Scoliidae) in Florida . . . . .	543-545

### Miscellaneous

Erratum . . . . .	546
List of Corporate and Sustaining Members . . . . .	547
