

## Research Papers

- Meagher Jr., Robert L., Kristal M. Watrous, Shelby J. Fleischer, Rodney N. Nagoshi, James T. Brown, and John K. Westbrook – Comparison of bee composition in sunn hemp and other cover crops . . . . . 419-424
- Sukirno, Sukirno, Mureed Husain, Muhammad Siswanto, Khawaja Ghulam Rasool, Farid Asif Shaheen, Shehzad Salman, and Abdulrahman Saad Aldawood – Study on the loss of value of Khodari date fruit infested by almond moth (Lepidoptera: Pyralidae) . . . . . 425-430
- Lee, Sang-Bin, Reina L. Tong, Si-Hyun Kim, Ik Gyun Im, and Nan-Yao Su – Potential pest status of the Formosan subterranean termite, *Coptotermes formosanus* Shiraki (Blattodea: Isoptera: Rhinotermitidae), in response to climate change in the Korean Peninsula . . . . . 431-437
- Xia, Yulu, Jiayao He, Hui Liu, Fulian Xiao, Linzuo Xiao, Xingli Ma, Guocai Lu, Zhushan Lin, Xubin Pan, and Gecheng Ouyang – The effectiveness of field pest management and culling at harvest for risk mitigation of two fruit flies affecting citrus in China . . . . . 438-443
- Thomason, John W., Stephen Clarke, and John J. Riggins – Evaluation of phenological indicators for optimizing spring southern pine beetle (Coleoptera: Curculionidae: Scolytinae) trapping surveys . . . . . 444-451
- Rocha, Franceline Aparecida Duarte, Yaremis Beatriz Meriño-Cabrera, Eliseu José Guedes Pereira, José Cola Zanuncio, Wellington Garcia Campos, José Eduardo Serrão, and Maria Goreti Almeida Oliveira – Effect of natural and artificial diets on protease activity in the midgut of *Spodoptera cosmioides* and *Spodoptera eridania* (Lepidoptera: Noctuidae) larvae . . . . . 452-457
- Waldo, Benjamin, Felipe Soto-Adames, and William Crow – Nematicide effects on arthropods in bermudagrass . . . . . 458-464
- Bess, Jennifer R., Vincent Centonze, Cody Rawls, Andrew White, David Wingfield, and John E. Whitlock – Polymerase chain reaction and *gyrA* nucleotide sequence analysis of *Wolbachia* endosymbionts (Rickettsiales: Anaplasmataceae) in various species of Culicidae, *Cimex lectularius* (Hemiptera: Cimicidae) and *Dirofilaria immitis* (Rhabditida: Onchocercidae) . . . . . 465-471
- Millán-Chaidez, Reynaldo, José Antonio Garzón-Tiznado, Perla Judith Linares-Flores, Sixto Velarde-Félix, Gabriel Antonio Lugo-García, and Jesús Enrique Retes-Manjarrez – Resistance to *Bemisia tabaci* (Hemiptera: Aleyrodidae) Mediterranean (Q biotype) in landrace and wild tomato populations from Mexico . . . . . 472-478
- Richardson, Elise A., Nicole O. Abruzzo, Caitlin E. Taylor, Bruce R. Stevens, James P. Cuda, and Emma N. I. Weeks – Methionine as an effective mosquito larvicide in natural water sources . . . . . 479-483
- Tong, Reina L., Sang-Bin Lee, Jayshree S. Patel, Thomas Chouvenec, and Nan-Yao Su – Methods for collecting large numbers of exuviae from *Coptotermes* (Blattodea: Rhinotermitidae) termite colonies . . . . . 484-491
- Lorenzo, María E., Leticia Bao, Luciana Mendez, Gabriela Grille, Olivier Bonato, and César Basso – Preference of *Orius insidiosus* and *Orius tristicolor* (Hemiptera: Anthocoridae) for host plants in olfactometry and free-choice experiments . . . . . 492-498
- Giordano, Bryan V., Benjamin T. Allen, Randy Wishard, Rui-De Xue, and Lindsay P. Campbell – Light trap collections of mosquitoes (Diptera: Culicidae) using dry ice and octenol attractants in adjacent mosquito control programs . . . . . 499-504
- Block, Anna K., Jorrel Mendoza, Amy Rowley, Charles Stuhl, and Robert L. Meagher – Approaches for assessing the impact of *Zea mays* (Poaceae) on the behavior of *Spodoptera frugiperda* (Lepidoptera: Noctuidae) and its parasitoid *Cotesia marginiventris* (Hymenoptera: Braconidae) . . . . . 505-513

## Scientific Notes

- Villanueva, Raul T., Nicole Gauthier, and Muhammad Z. Ahmed – First record of *Coccus hesperidum* L. (Hemiptera: Coccidae) in industrial hemp in Kentucky . . . . . 514-515

Shelly, Todd, Rick Kurashima, and Thomas Fezza – Field capture of male oriental fruit flies (Diptera: Tephritidae) in traps baited with solid dispensers containing varying amounts of methyl eugenol ..... 516-518

Whitaker, Melissa R. L., Shayla Salzman, Xavier Gratacos, and Joanna M. Tucker Lima – Localized overabundance of an otherwise rare butterfly threatens endangered cycads ..... 519-522

**Miscellaneous**

---

Errata ..... 523

List of Corporate and Sustaining Members ..... 524

Statement of Ownership ..... 525-527
