

THE FLORIDA ENTOMOLOGIST

INDEX TO VOLUME 48, 1965

- Acer spicatum*, eriophyid mite from, 205
Aceria spicata, n. sp., 205
Aedes aegypti, effect of P³² on light response of larvae, 81
Aleurodicus coccolobae, 54
 dispersus, n. sp., 49
 flavus, 54
Amblyseius inflatus, n. sp., 131
 sarraceniae, n. sp., 247
 tubulus, n. sp., 247
Amblyseius arenus, n. sp., 250
 caobae, n. sp., 124
 caribbeanus, n. sp., 124
 congeae, n. sp., 125
 digitulus, n. sp., 91
 ho, n. sp., 125
 loxocheles, n. sp., 128
 rapax, n. sp., 125
 rhabdus, n. sp., 95
 subalatus, n. sp., 127
 yunquensis, n. sp., 124
Anthonomus grandis, control in Texas, 101
Aphids, Texas, 255
- Banks, W. A., article by, 265
Barthel, W. F., article by, 265
Bartlett, F. J., article by, 265
Borders, H. I., article by, 133
Brevipalpus acutangliae, n. sp., 73
Brevipalpus, key to, 73
Bullock, R. C., article by, 159
- Capps, H. W., article by, 155
Chalcodermus aeneus, control in Texas, 101
Citheroniidae, eggs, 213
Corn, control of wireworms on, 85
Cydnodromus mumai, n. sp., 91
 vagus, n. sp., 89
- Davis, Robert, article by, 205
De Leon, Donald, article by, 65
 article by, 121
Denmark, H. A., article by, 9
 article by, 89
Donnelly, T. W., article by, 57
Eason, R., article by, 163
Ectopsocinae, notes on some western hemisphere species, 111
Ectopsocus ghesquierei, new synonymy, 113
Eggs of Olethreutidae and Tortricidae, 1
 of Sphingidae, Saturniidae, Citheroniidae, 213
Elaphria nucicolora, laboratory culture and development, 187
Ellis, L. L., article by, 77
Emerson, K. C., article by, 117
Equipment, conversion, to produce cyclic environment within cabinets, 227
Exline, Harriet, article by, 169
- Fatzinger, C. W., article by, 227
Florida Entomological Society, membership list, 135
 minutes of the 48th Annual Meeting, 273
Florida Entomologist, suggestions to authors, 145
- Genung, W. G., article by, 29
 article by, 221
Getzin, L. W., article by, 173
Green, V. E., Jr., article by, 29
- Habeck, D. H., article by, 187
Harding, J. A., article by, 17
Harris, E. D., Jr., article by, 147
 article by, 207
Haynie, J. D., article by, 189
Heliothis zea, control in Texas, 101
Hemileius, feeding habits, 9
Hemileius nicki, n. sp., 12
Heptachlor, control of imported fire ant, 265
Hilton, H. O., article by, 239
Hives, size and tupelo honey yield, 189
Honey, tupelo, yields from four sizes of hive, 189
 citrus, Florida's 1964 crop, 97
- Iphiseius arenicolus*, n. sp., 247
Ips bark beetles, larval rearing media, 25
Ischnura acicularis, n. sp., 57
Ischnura, subgenera, 62
Ischnuridia, n. subgenus, 62
Kelerimenopon thompsoni, n. sp., 117

- Leonard, M. D., article by, 255
 Lofgren, C. S., article by, 265
- Methods of estimating purines in insect material, 183
- Mites, populations in Florida citrus groves, 35
- Mockford, E. L., article by, 111
- Muma, M. H., article by, 35
 article by, 245
- Nation, J. L., article by, 183
- Neodiprion merkei*, from south Florida, 271
- Neoseiulus kerri*, n. sp., 254
- Nothoseius borinquensis*, n. sp., 128
- Nothoseius*, new genus, 127
- Olethreutidae, eggs, 1
- Orsenigo, J. R., article by, 221
- Pantomorus godman*, control of on Florida citrus, 159
- Paraphytoseius santurcensis*, n. sp., 130
- Peterson, Alvah, article by, 1
 article by, 213
- Peucetia viridans*, clarification of mating procedure, 169
 mating behavior of, 163
- Phytoseiidae, new species from Florida, 89, 245
- Phytoseiid mites, from Puerto Rico, 121
- Phytoseius woodburyi*, n. sp., 130
- Plea striola*, unusual habitat, 77
- Potatoes, control of wireworms on, 85
- Priscapalpus cherretti*, n. sp., 74
- Proprioseiopsis paxi*, n. sp., 245
- Proveaux, M. T., article by, 227
- Purines, methods of estimating in insect material, 183
- Ricoseius*, new sub-genus, 128
- Robinson, F. A., article by, 97
- Russell, L. M., article by, 47
- Saturniidae, eggs, 213
- Saturniid moths, pupal escape mechanism, 239
- Schuster, M. F., article by, 17
 article by, 173
- Sod webworms, effect of fungicide mixtures on, 133
- Solenopsis saevissima richteri*, control of, 265
- Soybeans, stem boring insects of, 29
- Sphingidae, eggs, 213
- Strayer, J. R., article by, 81
- Stringer, C. E., article by, 265
- Stojanovich, C. J., article by, 117
- Sweet corn, adjuvants in sprays for insect control on, 147
- Tenuipalpidae, from British Guiana, 65
- Tenuipalpus anacardii*, n. sp., 67
barticanus, n. sp., 67
boyani, n. sp., 67
mourerae, n. sp., 71
sandyi, n. sp., 69
tapirirae, n. sp., 69
terminaliae, n. sp., 71
unonopsonis, n. sp., 66
- Tenuipalpus*, key to, 66
- Thomas, K. K., article by, 183
- Tissot, A. N., article by, 255
- Tortricidae, eggs, 1
- Typhlodromips cesi*, n. sp., 253
vicinus, n. sp., 250
- Typhloseiopsis funiculatus*, n. sp., 122
regularis, n. sp., 122
- Undulambia fovecosta*, new combination, 157
polystichalis, n. sp., 155
- Vegetable crops, control of insects on, 17, 173, 193
- Weed invasion of improved pastures, insect infestation in relation to, 221
- Whitcomb, W. H., article by, 163
 article by, 169
- Wilkinson, R. C., article by, 25
 article by, 271
- Wireworms, control on potatoes and corn, 85
- Wireworms, control on sweet corn, 207
- Wolfenbarger, D. A., article by, 17
 article by, 101
 article by, 173
 article by, 193
- Wolfenbarger, D. O., article by, 85
- Woodring, J. P., article by, 9
- Yearian, W. C., article by, 25
