The Florida Entomologist 56(2) 1973

## BRAZIL ENTOMOLOGY MEETING

The "Sociedade Entomologica do Brasil" will have its first annual meeting at The Federal University of Vicosa at Vicosa, Mina Gerais from July 2-7, 1973.

One of the primary purposes of this new society is to sponsor these annual meetings as a means of stimulating entomological research and to open new channels of communication with the personal contacts.

Representatives from all parts of Brazil will present scientific papers on all phases of entomology. The meeting is open to all.

The first issue of the society's new publication "Anais da Sociedade Entomologica do Brasil" will be ready for shipment very shortly. If you would like to be a member of the society and receive the publication, contact Dr. Williams at the address below.

Inquiries should be sent to Dr. Jose Alberto H. Freire, Vice President, Sociedade Entomologica do Brasil, Universidade Federal de Vicosa, 36.570-Vicosa, Mina Gerais, or to Dr. Roger N. Williams, Liaison Officer, Caixa Postal 9, 13.400 Piracicaba, SP. Brazil.
