

The FLORIDA ENTOMOLOGIST

Volume 57, No. 1

March, 1974

CONTENTS

MUCHMORE, W. B.— <i>Pseudoscorpions from Florida. 1. The Genus Aldabrinus (Pseudoscorpionida: Olpidae)</i>	1
NICKLE D. A., AND T. J. WALKER— <i>A Morphological Key to Field Crickets of Southeastern United States (Orthoptera: Gryllidae: Gryllus)</i>	8
WALKER, T. J.— <i>Gryllus ovisopis N.Sp.: A Taciturn Cricket with a life Cycle Suggesting Allochronic Speciation</i>	13
WIRTH, W. W., AND F. S. BLANTON— <i>A New Florida Sand Fly Closely Related to Culicoides haematopotus Malloch (Diptera: Ceratopogonidae)</i>	23
DILBECK, J. D., J. W. TODD, AND T. D. CANERDAY— <i>Pickleworm Resistance in Cucurbita</i>	27
GREENE, G. L., AND M. SHEPARD— <i>Biological Studies of a Predator, Sycaenus indigator. II. Field Survival and Predation Potential</i>	33
MORRILL, W. L.— <i>Dispersal of Red Imported Fire Ants by Water</i>	39
LEVY, R., H. L. CROMROY, AND J. A. CORNELL— <i>Multi-Elemental Models for Estimating the Acute Radiosensitivity of Cockroaches and Blood Feeding Insects</i>	43
SABA, F.— <i>Life History and Population Dynamics of Tetranychus tumidus in Florida (Acarina: Tetranychidae)</i>	47
FATZINGER, C. W.— <i>Extraction of Feeding Stimulants from Slash Pine Cones for Larvae of Dioryctria abietella</i>	65
WIRTH, W. W., AND F. S. BLANTON— <i>New Synonymy and a Correction in the Culicoides piliferus Group (Diptera: Ceratopogonidae)</i>	71
MUCHMORE, W. B.— <i>Pseudoscorpions from Florida. 2. A New Genus and Species Bituberochernes mumae (Chernetidae)</i>	77
STEGMAIER, C. E., JR., AND H. R. BURKE— <i>Anthonomus flavus (Coleoptera: Curculionidae) A Fruit-Infesting Weevil of the Barbados Cherry, Malpighia glabra (Malpighiaceae), New to North America</i>	81
BROWER, J. H.— <i>Radiosensitivity of the Slenderhorned Flour Beetle, Gnathocerus maxillosus (Coleoptera: Tenebrionidae)</i>	91
HARRIS, D. L., AND W. H. WHITCOMB— <i>Effects of Fire on Populations of Certain Species of Ground Beetles (Coleoptera: Carabidae)</i>	97
GREENBAUM, H. N.— <i>A New Xyela (Hymenoptera: Xyelidae) from Florida</i>	104
Notice of New Features in The Florida Entomologist	7
Notes and Abstracts	22, 32, 38, 46, 90, 96
Book Review	107
Editorial: Acceptable Manuscripts for The Florida Entomologist	109
