SOUTHERN FOREST ENTOMOLOGISTS TO MEET

The Southern Forest Insect Work Conference will hold its 21st annual meeting in Atlanta, Georgia from August 15-17, 1976. The Work Conference is composed of entomologists and foresters who are concerned with advancing the practice of forest entomology in the southern forests. The Work Conference also serves as a medium of exchange of technical information on forest insect problems in the southern United States. This year's conference will have sessions on pine seed pests, economics of forest pest management, administrative management of research projects, statistical analysis of forest insect data, and other topics. The meeting will be held at the Stoffer's Hotel. Interested persons should contact Dr. Jack E. Coster, Conference Chairman, P. O. Box 6109, School of Forestry, Stephen F. Austin State University, Nacogdoches, TX, 75961.

CORRECTIONS

I would like to correct and apologize for some published editorial errors for which I have been responsible: 1974, *57*(1):32: In the note *Evolution of sterile castes in the social insects:kin selection or parental manipulation?,* by R. D. Alexander, in the 6th line of the poem, from the word "Sister's" please delete the apostrophe. 1976, *59*(1):70: In the quotation from the *Moonstone,* the last line should read "that they must do." 1976, *59*(1):99: In the Editorial, line 16, Ronald A. Fisher is the correct name.
