

INSTRUCTIONS TO AUTHORS

AN ORIGINAL MANUSCRIPT and 3 copies should be submitted to Dr. John R. McLaughlin, 4628 NW 40th Street, Gainesville, FL 32606. Manuscripts are assigned to an Associate Editor and reviewed by 3 peers.

TYPE DOUBLE-SPACED on one side of 8.5 x 11" white paper using generous margins on all sides. Do not use paper with black borders or line numbers. Copies must be dark, sharp, and clear. Computer-generated manuscripts must be of letter quality, not dot matrix, and not proportionally-spaced or right-justified.

ORDER ELEMENTS of the manuscript as: title page, abstract, resumen, text, acknowledgment (or endnote), references cited, tables, figure-citation list, index words (4-6 for indexing the journal).

TITLE PAGE: Place name, address, and phone number of author designated to process revisions and review proofs in upper right corner and suggested running head (60 characters or spaces or less) in upper left corner. Order and Family of key organisms may be included; omit authors of scientific names in title. List authors and affiliations.

ABSTRACT: Submit an abstract in English and resumen in Spanish. Editorial assistance for translation is available. Include the complete scientific name of all pertinent organisms.

TEXT: Follow a general format of introduction (no head), materials and methods, results, and discussion. Metric measurements are highly preferred; express quantities as Arabic numerals except as the first word of a sentence or to avoid ambiguity. Manuscripts in systematics must have an introduction. Taxonomic keys should use the format of vol. 72(2) (1989). Descriptions of new taxa should contain information that will distinguish them from other related taxa including appropriate amendment of existing keys. Formal descriptions of taxa may be telegraphic; use of gender symbols is acceptable except for headings. Abbreviate collection dates with Roman numerals for months and Arabic numerals for days and years: 30-IV-1947.

CITATIONS: Use the name-date format: Jones (1986); (Jones 1986); Jones & Smith (1986); (Jones & Smith 1986); Jones (in press); (A. F. Jones, Dept. Zoology, Ohio State University, personal communication); use "et al." for 3 or more authors. Provide evidence for acceptance for works "in press", otherwise cite "unpublished" or "personal communication". Provide written permission from personal communicants.

ACKNOWLEDGMENT OR ENDNOTE: Place disclaimers, journal series numbers, funding sources, address changes other than correspondent, etc. here.

REFERENCES CITED: Include all source material cited in the manuscript. Provide all information that would allow retrieval of the material. Do not abbreviate place names in journal citations (Florida Entomol., Folia Mexicana), otherwise use the abbreviations found in the Council of Biological Editors Style Manual or Biological Abstract's List of Serials with Title Abbreviations.

TABLES AND FIGURES: All figures and tables are referenced with Arabic numerals in the order in which they appear in the text. Table footnotes are written below the table and indicated as superscript Arabic numerals. The captions for figures are listed on a separate page. Original figures or good quality glossy photographic prints are acceptable. Photographs must have sharp contrast; crop all excess margins. All illustrations must be complete and final, i.e., camera ready. Make a plate if numerous line drawings or photographs are needed; do not combine photographs and drawings in the same plate.

FORUM: Type "FORUM" as the running head. These are articles of high scientific quality, including scientifically meritorious but controversial subjects, new methodologies, experimentally-based designs and tests of pedagogical methods, and documented challenges to existing entomological techniques, control strategies, philosophies, or experimental paradigms.

SCIENTIFIC NOTES: These are short contributes with a maximum text length of 1000 words. More than 2 figures and/or tables are discouraged. Submit a title page and text in logical scientific order without abstract or any headings except "References Cited".

CHARGES of \$45 per printed page and a surcharge of \$10 per page containing a figure or table are assessed. Reprints are available. Order forms with the current price schedule are sent with proofs.
