

ERRATA

We deeply regret that the name of TARIK DANIŞMAN was misspelled in Florida Entomologist 96(3), September both in the Table of Contents (back cover) and in the title of the following article COŞAR, İLHAN, MERT ELVERİCİ, TARIK DANIŞMAN AND KADIR BAĞAÇKUNT—Three New Genus Records of the Spider Fauna of Turkey (Araneae: Salticidae). Florida Entomol. 96(3): 818-824.

In the article by P. J. Shi, H. S. Sandhu and H. J. Xiao in Florida Entomologist, 96(3): 1183-1185 in the lower right column of page 1183 the equation should appear as follows:

$$\text{logit(Diapause)} = \alpha + f_1(\text{Temperature}) + f_2(\text{Day-length}), \quad (1)$$

where f_i ($i = 1, 2$) are smooth functions.

Also the following acknowledgment should have appeared in the ENDNOTES: “This study was supported in part by the Natural Science Foundation of Educational Commission of Jiangxi Province (2010GZN0034, GJJ12227).” We deeply regret the errors and the omission.
