Administrative Secretary

Eileen Hoobin
Administrative Secretary

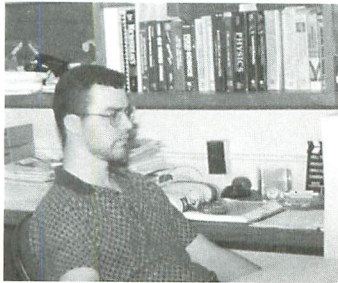

Laura Rixman
Receptionist

Beverly Jakelsky
Secretary Specialist

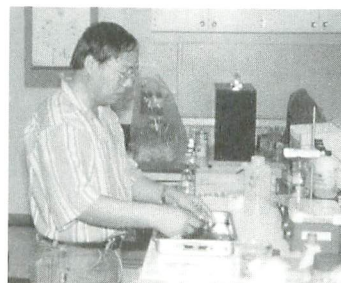

Peggy Troelsen
Senior Clerk

Mr. Mark Thomas,
Food Processing Engineer,
working on planning and design of
fresh-cut processing equipment.

Dr. Hauting Dou,
Postharvest Physiologist,
measuring fruit quality parameters.

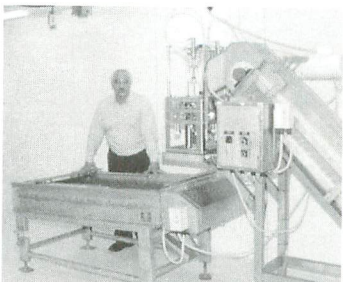

Dr. John Zhang,
Postharvest Pathologist,
studying the production of
anti-fungal compounds.

Mr. Craig Davis,
Associate Research Scientist,
measuring fruit internal
temperatures with a data-logger.

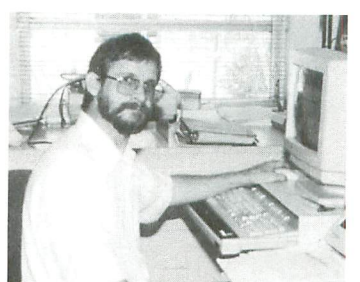

Mr. Tommy Long, Pilot Plant Supervisor, left
and Mr. Merrit Daugherty,
Engineering Technician, right,
preparing juice samples for shelf-life studies.

Dr. Mohamed Ismail,
Director of Fresh Fruit Research,
in the Clean Room Facility
with citrus peeling equipment.

Dr. Steve Nagy, left, Dr. Ed Moore, middle,
Research Chemists and Mr. Sandy Barros, right,
Food Processing Engineer,
discussing citrus processing technology.

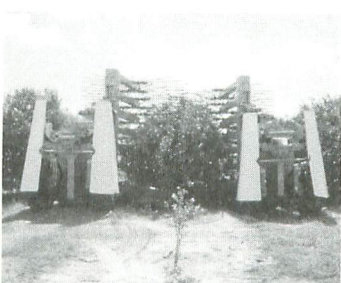

Dr. Bill Widmer,
Research Chemist,
setting up instrumentation to
analyze citrus juices for bitterness.

Dr. Mohamed Ismail, left
and Ms. Laura Rixman, Receptionist,
at the F.D.O.C. Scientific Research
Department in Lake Alfred.

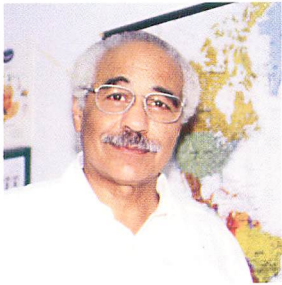

Mr. Virgil Stewart,
Pilot Plant Operator,
unloading fruit onto pilot plant
wash-line and auto-sorting equipment.

Mechanical shake harvesting machine
in the grove during operation.

Dr. Steven Pao,
Food Microbiologist,
displaying an exhibit to demonstrate research
on sanitizing citrus fruit for fresh juice safety.

Mohamed Ismail, Ph.D.
Postharvest Technology

Huating Dou, Ph.D.
Postharvest Physiology

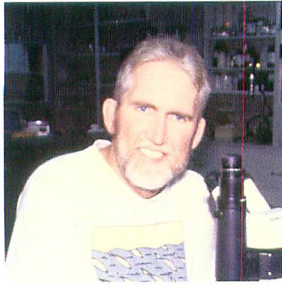

Steven Pao, Ph.D.
Fresh Citrus Safety and Quality

Craig Davis
Microbiology and Electron Microscopy

Juixu Zhang Ph.D.
Postharvest Decay Control

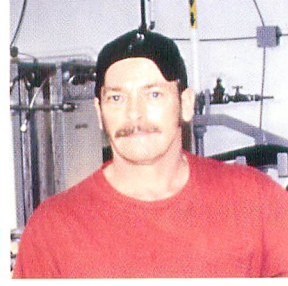

Mel Chambers
Postharvest Decay Control

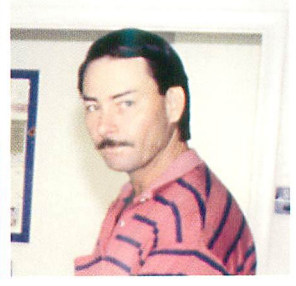

Mark Thomas
Peeling Technology

Tommy Long
Pilot Plant Supervisor

Merritt Daugherty
Engineering Technician

Virgil Stewart
Pilot Plant Operator

Galen Brown, Ph.D.
Mechanical Harvesting

Bill Stinson, Ph.D.
Processed Products

Ed Moore, Ph.D.
Regulatory/Nutrition

Hyoung Lee, Ph.D., By-Product Rec./
Vitamin C Analysis

Gary Coates
By-Product Recovery

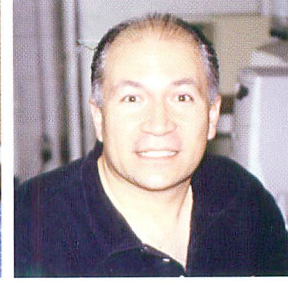

Steve Nagy, Ph.D., Flavor Chemistry/
Patent Administration

Marty Klim
Flavor Chemistry

Seif Nikdel, Ph.D.
Geographical Origin

Murat Azik, Ph.D.
Geographical Origin

Paul Cancalon, Ph.D.
Monitoring Program

Yehong Xu
Monitoring Program

Bill Widmer, Ph.D., Nutritional
Labeling/By-Product Recovery

Sandy Barros, Grapefruit Juice
Improvement/Solids Strategy

Wendy Bell, Grapefruit
Improvement/Solids Strategy

Tammy Flannery, Monitoring/
Grapefruit Juice Improvement
