

COASTAL PHOTOGRAPH by Dr. R. Sajeev

Deposition of mud at Vypin, north of Cochin Harbour inlet (SW coast of India) on 23rd September 1999 at 1500 hrs. A lighthouse well inside the backshore, cut along the beach, dampened wave action beyond the strips (in foreground) where the water was very turbid, as shown here. (Photo: R. Sajeev, National Institute of Oceanography, Regional Centre, (P. B. No. 1616), Dr. Salim Ali Road, Tatapuram, P. O., Kochi-682 014, India).
