

CONTENTS

JOURNAL OF NEMATODOLOGY

Vol. 37, No. 2

June 2005

Associations

- Comparison of *Pratylenchus penetrans* Infection and *Maladera castanea* Feeding on Strawberry Root Rot.
J. A. LAMONDIA AND R. S. COWLES 131

Taxonomy and Systematics

- Morphological and Molecular Evaluation of a *Meloidogyne hapla* Population Damaging Coffee (*Coffea arabica*)
in Maui, Hawaii. Z. A. HANDOO, A. M. SKANTAR, L. K. CARTA, AND D. P. SCHMITT 136
- Molecular Polymorphism and Morphometrics of Species of the *Heterodera avenae* Group in Syria and Turkey.
H. ABIDOU, S. VALETTE, J. P. GAUTHIER, R. RIVOAL, A. EL-AHMED, AND A. YAHYAOU 146

Biological Control

- Distribution and Downward Movement of *Pasteuria penetrans* in Field Soil. R. CETINTAS AND
D. W. DICKSON 155

Host Resistance

- The Effect of Resistant Soybean on Male and Female Development and Adult Sex Ratios of *Heterodera glycines*.
A. L. COLGROVE AND T. L. NIBLACK 161
- Effect of the *rhg1* Gene on Population Development of *Heterodera glycines*. Y. H. LI AND S. Y. CHEN 168
- A Recessive Gene for Resistance to *Meloidogyne arenaria* in Interspecific *Arachis* spp. Hybrids. G. T. CHURCH,
J. L. STARR, AND C. E. SIMPSON 178
- Histological Changes in *Gossypium hirsutum* Associated with Reduced Reproduction of *Rotylenchulus reniformis*.
PAULA AGUDELO, ROBERT T. ROBBINS, KYUNG S. KIM, AND JAMES MCD. STEWART 185

Management

- Accelerated Degradation of Aldicarb and Its Metabolites in Cotton Field Soils. K. S. LAWRENCE,
YUCHENG FENG, G. W. LAWRENCE, C. H. BURMESTER, AND S. H. NORWOOD 190
- Root-knot Nematode Problem of Some Winter Ornamental Plants and Its Biomanagement. MUJEEBUR
RAHMAN KHAN, SHAHANA M. KHAN, AND FAYA MOHIDE 198
- Impacts of Sustained Use of Dairy Manure Slurry and Fertilizers on Populations of *Pratylenchus penetrans*
under Tall Fescue. T. A. FORGE, S. BITTMAN, AND C. G. KOWALENKO 207
- Reproduction of *Belonolaimus longicaudatus*, *Meloidogyne javanica*, *Paratrichodorus minor*, and *Pratylenchus*
brachyurus on Pearl Millet (*Pennisetum glaucum*). P. TIMPER AND W. W. HANNA 214
- Factors Affecting the Suppression of *Heterodera glycines* by N-Viro Soil. I. A. ZASADA 220

Techniques

- Incorporating Molecular Identification of *Meloidogyne* spp. into a Large-scale Regional Nematode Survey.
T. O. POWERS, P. G. MULLIN, T. S. HARRIS, L. A. SUTTON, AND R. S. HIGGINS 226
- Rolling Circle Amplification of Complete Nematode Mitochondrial Genomes. SHA TANG AND
BRADLEY C. HYMAN 236

Ecology

- Nematode Assemblages in Native Plant Communities of Molokai, Hawaii. E. C. BERNARD AND
D. P. SCHMITT 242
