NEMATROPICA

Una Revista Científica Internacional de Nematología Tropical y Subtropical Publicada por ONTA
An International Scientific Journal of Tropical and Subtropical Nematology Published by ONTA

Nematropica (ISSN 2220-5608) is an international scientific journal of tropical and subtropical nematology. Manuscripts will not be considered for publication unless at least one author is a member of ONTA at the time the manuscript is submitted. There are no page charges for publication in Nematropica. Beginning in 2011 with Volume 41, Nematropica has been exclusively an on-line journal available via the ONTA website https://ontaweb.org/ and https://journals.flvc.org/nematropica. Beginning in 2023 with Volume 53, Nematropica has had only a single issue per year and articles are published immediately after being peer reviewed and accepted for publication.
